

# Physical Security

We co-create solutions with our partners geared toward shared success in Revenue, Retention and Reputation.

## Video Streaming

i3's Video Streaming solution allows you to view live and recorded video securely, through a designated outbound gateway. Video Streaming is accessible through any web browser or your mobile

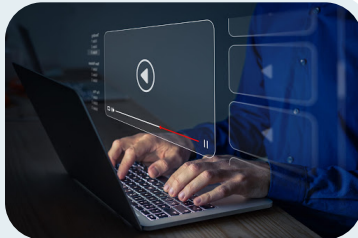

## Incident Reporting

Incident reporting can be found within the Physical Security section of your CMS site. Document any incident that may have occurred on the site using a variety of helpful reporting templates.

## Video Sharing

i3's Video Streaming solution allows you to view live and recorded video securely, through a designated outbound gateway. Video Streaming is accessible through any web browser or your mobile

## Health Monitoring

Incident reporting can be found within the Physical Security section of your CMS site. Document any incident that may have occurred on the site using a variety of helpful reporting templates.

Installing i3 International's CCTV system had an immediate impact on my store, with internal and external theft being reduced almost overnight."

- Tyler Knight, Knights' Home building centre
