

i3 Cloud Storage

Affordable Cloud Storage for Long-Term Video Retention

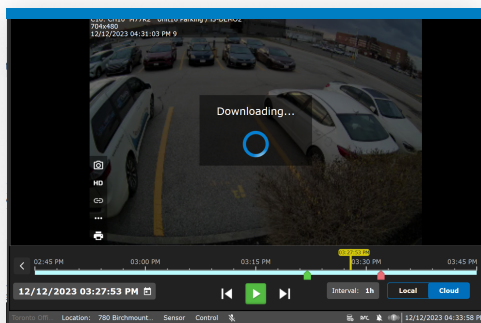

- ✓ Cost-effective video storage without extensive local HDD investments.
- ✓ Excellent tool to help address slip and fall liability claim.
- ✓ Combine Cloud and local storage for versatile solutions.
- ✓ Cloud video stored in our proprietary *.i3c format for data security.

Up to 10 Years of Cloud Storage

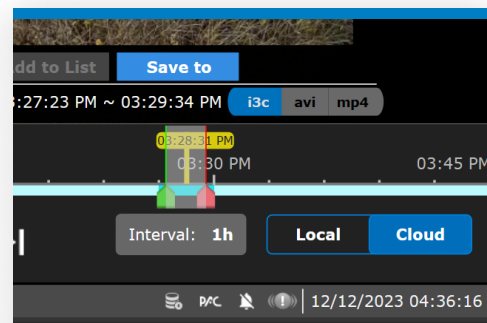

Retrieval Process

- **Connect via VPC:** Access the Cloud by connecting through VPC using i3Host credentials.
- **Cloud Timeline:** Click the "Cloud" button under the SEARCH tab to access the Cloud timeline.

Downloading Clips

- **Channel Selection:** Channels with Cloud video display a "Search" button on thumbnails.
- **Clip Retrieval:** Click on the Search button to load the timeline and download the clip.

Playback and Export

- **Video Playback:** After retrieval, play the video clip for review.
- **Export Options:** Export retrieved video in *.i3c, *.avi, or *.mp4 formats for backup.

i3 International's Cloud Storage solution offers cost-effective, secure, and convenient long-term video storage options for your business.
